

# COVID-19

Specialist Disinfection Services Division

Based in Hertfordshire, Evolution Environmental can provide a fast response to clients in London and the Home Counties.

We are categorised as having **Business Critical Key Worker** status.

We follow both Public Health England and WHO guidelines with regards to PPE, social distancing and working protocols to help ensure your business, property and staff are kept safe against Coronavirus (Covid-19).

## 1 COVID-19 Contamination Control -72hrs

- ✓ Treatments carried out **within 72hrs** of any suspected or confirmed cases of COVID-19 within the premises.
- ✓ All personnel follow protocol for carrying out treatments safely and within the current guidelines ensuring the safety of both staff and the general public.
- ✓ Disinfection using Steri-7, a high-level disinfectant that kills up to **99.9999%** of a broad range of pathogens within seconds of contact, by hand and through ULV treatment.

## 2 COVID-19 Contamination Control +72hrs

- ✓ Government guidelines suggest that the amount of infectious virus on contaminated surfaces will have significantly decreased after a **72 hour** period.
- ✓ Manual disinfection to key isolated touch points carried out along with ULV fogging within the premise.
- ✓ Any waste removal will be compliant with present government guidelines.

## 3 Multi-Purpose Disinfection Service

- ✓ These treatments can be carried out when there are no suspected or confirmed cases of COVID-19 on site.
- ✓ Fast response and regular treatments to help sustain a high level of hygiene safeguarding your premises.
- ✓ ULV fogging throughout with additional touchpoint cleaning as an option.

### STERI-7

- Reactive Barrier Technology protection between cleans.
- Non-corrosive.
- Non-residual organoleptic effect on food.
- Maintains efficacy in heavy organic soiling, blood and proteins.
- Effective for up to **14 days**.

ULV

**ULV (Ultra Low Volume)** - Small droplets of disinfectant are released by the applicator enabling large areas to be treated in a short timeframe.

**Touchpoint Cleaning** - Cleaning and disinfection of common touchpoints in a premises including door handles to minimise risk of COVID-19 transfer.
